Mealtime is a special time in many families. It is a time to gather around the table for prayer, fellowship, conversation, and delicious food. It is a time to nourish our spirits as well as our bodies. The same is true for our family here at The Gardens. It is the goal of our dietary team to provide this special time at each and every meal we serve you.

Our dietary team is constantly working to try to enhance the dining experience for you. We have continued to make upgrades to the dining area in an effort to improve the atmosphere as well as enable us to raise the level of our service.

Using in part suggestions and requests from all the residents, we continue to add new items to the menus to increase variety as well as to raise the overall quality of the food. We are currently in the process of developing another full week of new and exciting menu items that we are hoping to roll out by the end of the month. We

are also looking forward to this month, with safety measures in place, to resume our men's grill night as well as our continental breakfast with fresh fruit and made-from-scratch muffins.

Despite the challenges of the times, we have been able to continue to celebrate special days on the calendar. Our team prepared a special luncheon for the ladies on Mother's Day. We celebrated Father's Day with a camping themed cookout for the men, complete with ribs, baked beans, campfire potatoes, and s'mores cobbler for dessert, all while social distancing. We have a special picnic themed lunch planned for the 4th of July as well that will finish off with a patriotic red white and blueberry pie!

Our dietary team here at The Gardens is a special group. Our core members have been with us for more than 10 years. They have a passion for their work and true heart for each of you. Our team recognizes the importance of mealtime, and we will always strive to make it the special time that it should be.

We are asking all residents to have antibacterial soap by their kitchen sinks to wash hands FREQUENTLY! Frequent handwashing and covering your mouth/nose when coughing and sneezing can help prevent the spread of germs.

Porch and Virtual Visits

We know that our current situation has you missing your loved one, so don't wait any longer to visit. Did you know that you can now schedule a porch or virtual visit? Please be sure to call the main office to SCHEDULE a time to catch up and encourage your loved one!

It is very important that each resident wears his/her pendant at all times. By wearing your pendant always, you ensure your safety and getting a helping hand whenever needed. If you have any questions regarding your pendant, please let Resident Services know.

Your Experience is Our Highest Priority!

Help us spread the word in the community! Please take a few minutes to leave us a POSITIVE review online!
