Notes From The Heart

Our sweet mother is precious to us, so we prayed about finding her loving and exceptional care that she so deserves. Wow, did our prayers get answered! The Gardens at Calvary staff are there because this is what they love doing. They are genuine and kind to not only the residents, but the whole family. Visiting Mom is so pleasant, she has her own little "apartment" decorated with her furniture and pictures that give her comfort and make it "home". She doesn't have to worry about cleaning, laundry, remembering her medications or meals anymore. Now she can focus on enjoying her time the way she chooses, whether it be cuddling up in her recliner watching her favorite tv shows, socializing, or participating in activities that are offered. We enjoy visiting her there and this allows us to continue to be her daughters, instead of caregivers. As Mom's needs increase, The Gardens at Calvary staff have been so supportive and helpful. Our Mom has said she feels secure, safe and blessed to live there. She loves the staff and they love her! Mom has lived at The Gardens at Calvary for almost 2 years now and we feel it was the best decision ever! Thank you to each and every one of you at The Gardens at Calvary for everything you do!
